Our Core Values

Growth
Unexceptionable
Nimble

Our

Company

History

SECURIFORCE was incorporated in Malaysia under the Companies Act 1965 on 27 September 1980. Through a carefully planned expansion program, **SECURIFORCE** has undergone phenomenal growth. Today, apart from being a service provider for the traditional static guarding and "Cash-in-Transit" services, **SECURIFORCE** has also successfully expanded its operations into the more specialized services, such as providing secured overland transportation, vaulting / security storage / warehousing / logistics / freight forwarding (including ground-to-air and air-to-ground services) to meet the needs of exporters and importers. **SECURIFORCE** is now served by a network of 60 branches employing more than 3000 personnel and backed by a fleet of more than 600 armored and soft skin vehicles including trucks, prime movers and containers.

the Board of Director

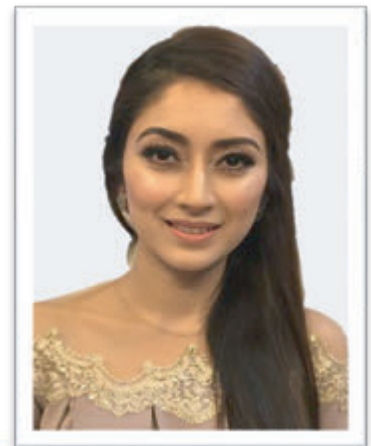

Our team comes from a wide-range of backgrounds to enable us to access a broad knowledge base.

Our Services Logistics

Warehouse

We offers global inventory, transportation and warehouse management solutions. Our warehouse solutions generate cost efficiencies and minimize the risks associated with hand-offs between suppliers, carriers, and service providers.

Air Freight

As a global freight forwarder SFL maintains strong alliances and relationships with all major cargo commercial carriers and logistic partners. We offer a wide range of services including express and scheduled consolidation for both imports and exports

Ocean Freight

SFL offers a comprehensive menu of ocean service, strategic alliance with the shipping lines and sea freight agents, ensuring we can accommodate even you most demanding shipping schedule

Security Trucking

A key part of logistic through-flow is the ability to ensure your delivery or pick-up is safe and problem-free from all crimes, elements or undesirable activities SFL maintains our own fleet of security trucks to provide you with unsurpassed service, 24 hours a day, 365 days of the calendar year.

Custom Brokerage

SFL simplifies the complex world of international shipping, keeping your products moving quickly, timely to market and beign as efficient as possible. SFL has the capability to clear customs via air, ocean, truck or on-board courier

Our Services Trucking

Our Objective

To introduce a secured and safest on-time pickup and delivery, scalable & flexible fleet utilization capacity and product integrity is supported through an integrated end to end security solutions to mitigate risk throughout goods in-transit on road and to execute with the highest level of resilience against cargo crime theft by adopting "state of art" security technology real time 24 hours x 7 days (365 days) monitoring command tower.

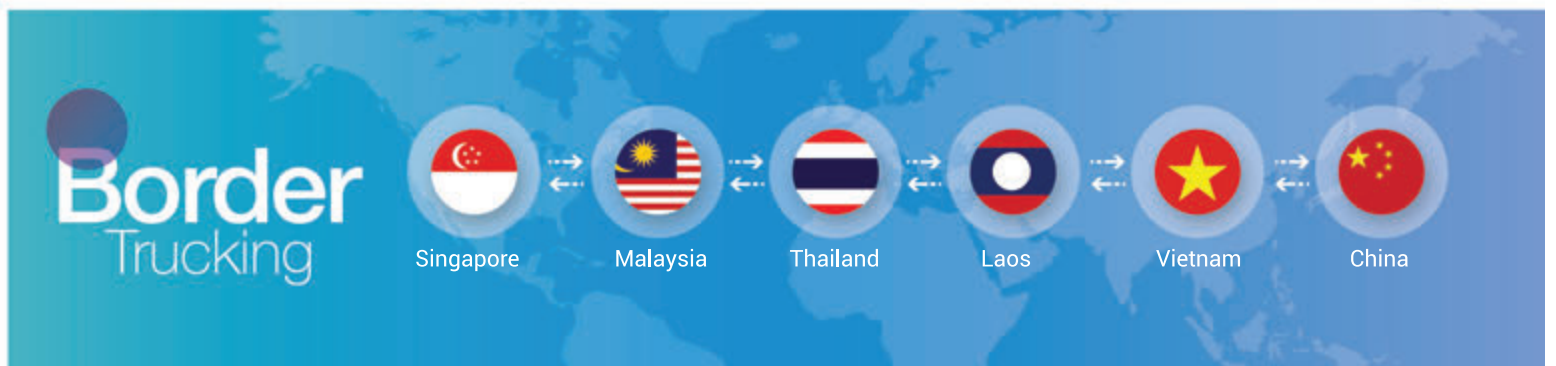

Our security policies, procedures and practices adhere and conform with C-TPAT, AEO, ISO28000 and "TAPA TSR TIER 1" best trucking conveyance standards practices to protect and offer zero defect trucking services to all valued cliental assets plying on road within Malaysia, Singapore, Thailand, Laos, Vietnam, China and vice versa.

Commitment & Accountability

We provide security armoured trucking services to assist companies to meet their objectives at an affordable rate to realize the value for their assets. Securiforce has been in the security armoured trucking business since 1994; and being a popular company with an excellent track record, we have never compromised on the services provided to any customer because we value and honour each and every individual business, no matter how big or small.

As a premier armoured security trucker, we rank second to none and seek to distinguish ourselves by providing the best deal between cost, speed and reliability

The Cash in Transit

This entails the provision of secured movement of cash or valuables from one point to another via **SECURIFORCE's** Fleet of bulletproof armoured vehicle. Each member of our CIT team is coursed on our stringent operation procedures including the proper use / handling of fire arms. Our armoured vehicles are radio equipped for our CIT personnel to be in constant communication with our **SECURIFORCE** command centre will ensure effectiveness and efficiency of operation. Provides total cash distribution solutions mainly for the collection and delivery of cash I. E. bank notes and coins for banks, retailers, corporate clients and etc.

- ✓ **Collection and/or Delivery of cash for bank branches**
- ✓ **Withdrawal/deposit of cash to and from Central bank**
- ✓ **Collection and/or Delivery of cash for retailers (Retail Outlets), Corporates, etc.**
- ✓ **Repatriation of cash currency, within country and/or out of country**

Our dedicated CIT team is ready to provide 24 hours x 7 days (365 days) services a day including Saturdays, Sundays and Public Holidays. In addition, we also provide manpower back-up to ensure full deployment of our Teams to meet client's requirements including contingencies.

- ✓ **SECURITY BAGS / SEALS AND INSURANCE COVERAGE**
- ✓ **EQUIPPED WITH ARMoured VEHICLE AND ARMED GUARDS**
- ✓ **24 HOURS REAL -TIME SECURE OPERATIONS CONTROL AND MONITORING SYSTEM**

The Smart Cash Solution

Over the last 10 to 15 years, which have encouraged retailers to seek reliable automated cash handling solutions to help them run sound and profitable business via :

**CASH DEPOSIT MACHINE (CDM)
CASH IN – CASH OUT RECYCLER
PAYMENT KIOSK**

Managers often spend hours a day counting and reconciliation the cash and preparing bank depositors – making cash handling operational risk and its mitigation very pertinent with the evolution of smart cash safe.

Smart enterprises and organization deserve smart solutions .Making the move to automated cash management is a great decision. It is incredibly efficient in high risk environments, ensuring the highest possible on site protection of your business's cash.

The Cash Management Services

The automation of cash management gives us full control over the whereabouts of the cash at any stage. This is especially beneficial to banks where cash recycling is critical and can vary from the branch to branch.

In **SECURIFORCE** Sdn. Bhd. , cash is handled in a highly secure manner and subject to the constant scrutiny of surveillance equipment and our well trained uniformed officers who undertake the processing, verification , packing and even depositing of cash.

By outsourcing your cash management function, manpower can be more effectively deployed, leading to higher productivity.

Notes / Coin Processing, Storage and Distribution Services

With effect from August 1988, **SECURIFORCE** has introduced a new service known as Notes / Coins Management Services. This is following her successful appointment as one of the agents for notes / coins processing operations, storage and distribution by Bank Negara Malaysia. By virtue of this appointment **SECURIFORCE** is now effectively performing notes / coins management tasks which were traditionally performed by the bank.

The Protection Services

Our security forces have undergone thorough selection process and screened by Ministry of Internal Affairs (KDN) or Police Department to ensure that they are criminal free. These highly disciplined forces are also trained before being deployed at any given locations as required by the customers who in needs to ensure the security of their properties and assets. Our security services can be categorized as follows, to accord customers needs and expectation :

- Armed Static Guarding**
- Unarmed Static Guarding**
- Escort Security Services**
- Mobile Patrolling Services**

- Guard Dog & Handler**
- Nepalese Guard**
- Risk Assessment & Security Audit**

Operating from over 40 branches nationwide, our clientele comprises of government agencies and private sectors from various industries such as banking, remittance, hospital, utility telecommunication, manufacturing, condominium, private residence etc. As customer experience expectation is becoming more dynamic, we have reckoned the need to conduct continuous R&D to come out with new methods to monitor the attendance and presence of our security forces. And our Bio-Guarding Monitoring System, together with surveillance from our Command Center, is our state-of-the-art device taht we offer to our cstomers as the value added niche in our services. There, with proven track record over 35 years as security provider, anyone can rely on us anytime and anywhere because when they think security, they think Securiforce Group of companies.

CCTV CAMERA

SECURIFORCE installs and maintains an outstanding range of IP CCTV cameras enterprise wide networked multi-site applications, **SECURIFORCE** has the experience to provide the right solution for you.

SECURITY ALARM SYSTEM

Will work with you to design a security alarm system to suit your needs electronic access control which will provide authorised access to doors and premises.

KABA – High security and safe locks

Kaba is the world's leading manufacturer of high security and safe locks. Its Kaba brands cover products for the mass market, as well as the mid and upper price segments. The range extends from electronic high security locks for retail and ATM locks, to transit and freight security products. It also includes safes and strong rooms, as well as mechanical and electronic locks for various cabinets and containers

Software Solutions

- ATM / CDM Monitoring System
- Payment Kiosk Monitoring System
- Global Positioning System (GPS)
- Guard Monitoring System (GMS)
- Firearms Management System (FAMS)
- Cash-In-Transit System (CIT)

Our Services
Electronic Security

Command Centre
